FlexNetwork 5130-EI Switch Series Replacement Products
The recently released 5140-EI Switch Series is the recommended replacement for the FlexNetwork 5130-EI Switch Series. The FlexNetwork 5140-EI represents the latest in silicon, chip and component upgrades and represents a superset, upgrades across the board, of the functionality and features included on the 5130-EI.

FlexNetwork 5510-HI Switch Series Replacement Products
The recently released 5520-HI is the recommended replacement for the FlexNetwork 5510-HI Switch Series. The FlexNetwork brings to market brand new features not previously available on the 5510-HI. These new features include VXLAN, Multigigabit, Telemetry, iNQA, EMDI, double the size of ARP/MAC tables, 50% improvement on LPM and significant reductions in both power consumption and heat dissipation.

Final Orders for FlexNetwork 5130-Ei and 5510-HI Models
We will accept final orders through the End of Sales based on product availability. We strongly encourage customers to transition all backlog and new orders to the replacement product that is identified in the End of Sale announcement.

End of Life Milestones:
- Public End of Sale Announcement Date: November 4th, 2021
- End of Sales (EOS) Date: April 30th, 2022 *or while supplies last*
- End of Warranty Date: Please refer to the Aruba Warranty Website
  (see the Warranty Coverage Quick Reference)
