HPE OfficeConnect 1430 Switch Series Replacement Products

The forthcoming Aruba Instant On 1430 Switch Series is the recommended replacement for the HPE OfficeConnect 1405 and 1420 Switch Series.

The Aruba Instant On 1430 Switch Series is a plug-and-play unmanaged switch series for small businesses looking for simple, reliable, and low-cost network connectivity. These easy-to-use switches deliver Layer 2 Gigabit Ethernet switching capabilities — at an affordable price point — to help connect and share common resources like printers and access points, without any complicated network configuration. With plug-and-play operation, fully automated functions, zero ongoing maintenance, and Power over Ethernet (PoE) models, these switches deliver simple, reliable connectivity for the smallest SMBs and home offices.

General Availability of Aruba Instant On 1430 Switch Series is on August 1, 2022.

Definitions:

- End of Sale (EoS): The date when Aruba announces the End of Sale (EoS) and End of Support Life (EoSL) for a given product to the general public.
- End of Sale (EoS) Date: The product is no longer available for purchase after this date and is removed from all price lists. However, product availability is determined by announced End of Sale (EoS) date or depletion of inventory whichever comes first. We strongly encourage customers to transition all backlog and new orders to the replacement product that is identified in the End of Sale (EoS) & End of Support Life (EoSL) announcement.
- End of Support Life (EoSL): The product is no longer supported by Aruba Support Services after this date.
- End of Warranty Date: The product is no longer eligible for warranty claims after this date. For Limited Lifetime Warranty products, this date is the same as the End of Support Life (EoSL) date.
